As a school district that deals with a large volume of printing and toner cartridge purchases, it is with great pleasure that I highly recommend Hower's Laser Cartridge Recovery. OUHSD has been doing business with Ken Hower for 18 years and has been very satisfied in every aspect.

Ken Hower takes great care in responding quickly to customer requests and handles repairs often with same day service. Our teachers and staff members are very happy with his services and feel confident he will take care of their needs. His honest feedback and lower repair costs are very beneficial to our District.

We have always been provided with high quality remanufactured toner cartridges with delivery times as early as within 24 hours or less from the time the order is placed. We know we are receiving the best quality for our money and we always have an up-to-date price list for easy access to all pricing and cartridge information.
